Notes to the Condensed Interim Consolidated Financial Statements For the three and six months ended December 31, 2021

(Expressed in US Dollars - unaudited)

Page 1

1. NATURE OF OPERATIONS

ReVolve Renewable Power Limited (formerly Mexican Renewable Energy Limited) (the "Company") is a privately owned company limited by shares incorporated and registered in 2011 in the Republic of Ireland. The registered office of the Company is Bushfield House, 57 Bushfield Square, Philipsburgh Ave., Fairview, Dublin 3 located in Ireland, which is also the principal place of business of the Company.

The Company's principal business is developing utility scale renewable energy generation projects in North America with a particular focus on wind, solar and battery storage technologies.

2. GOING CONCERN

The Company had a loss of \$925,180 for the period ended December 31, 2021 (2020 – \$463,899). As at December 31, 2021, the Company had working capital of \$2,918,736 (June 30, 2021 - \$285,066). Total cash used in operations for the period ended December 31, 2021 amounted to \$959,460 (gained in 2020 - \$1,365,292).

The ability of the Company to continue as a going concern is dependent on achieving profitable operations, positive operating cash flows and obtaining the necessary financing to develop the current projects. The outcome of these matters cannot be predicted at this time. The Company will continue to review the prospects of raising additional debt and equity financing to support its operations until such time that its operations become self-sustaining, to fund its operating activities and to ensure the realization of its assets and discharge of its liabilities. While the Company is exerting its best efforts to achieve the above plans, there is no assurance that any such activity will generate sufficient funds for future operations. These factors indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. These consolidated financial statements have been prepared by management on a going concern basis which assumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future rather than a process of forced liquidation. These consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue in existence. Such adjustments could be material.

COVID-19 Pandemic

In March 2020, the World Health Organization declared, the outbreak of the novel strain of coronavirus, specifically identified as "COVID-19", a pandemic. This has resulted in governments worldwide enacting emergency measures to limit the spread of the virus, including closure of non-essential businesses. To date the Company has been able to continue operating with no material impact to operations.

There have been no material revisions to the nature and number of estimates and judgments made in respect of the Company's consolidated financial statements of prior periods. However, the effects of COVID-19 have required significant judgements and estimates to be made in the preparation of the Company's consolidated financial statements. To date, no revisions to management's estimates and judgements used in the preparation of the Company's consolidated financial statements have been necessary.

Notes to the Condensed Interim Consolidated Financial Statements For the three and six months ended December 31, 2021

(Expressed in US Dollars - unaudited)

Page 2

2. GOING CONCERN (CONTINUED)

COVID-19 Pandemic (continued)

Due to rapid developments and uncertainty surrounding COVID-19 or the possible ending of COVID-19, it is not possible to predict the impact that COVID-19 will have on the Company's operations or financial results in the future, its suppliers, and its customers. Additionally, it is possible that the Company's operations and consolidated financial results will change in the near term as a result of COVID-19 or the ending of COVID-19.

3. SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PREPARATION

The following is a summary of significant accounting policies used in the preparation of these condensed interim consolidated financial statements.

Statement of compliance

These condensed interim consolidated financial statements, including comparatives, have been prepared in accordance with International Financial Reporting Standards ("IFRS") and International Accounting Standards ("IAS") 34 "Interim Financial Reporting" as issued by the International Accounting Standards Board ("IASB").

This condensed interim financial report does not include all of the information required of a full annual financial report and is intended to provide users with an update in relation to events and transactions that are significant to an understanding of the changes in financial position and performance of the Company since the end of the last annual reporting period. It is therefore recommended that this financial report be read in conjunction with the annual audited financial statements of the Company for the year ended June 30, 2021.

The accounting policies applied in preparation of these condensed interim consolidated financial statements are consistent with those applied and disclosed in the Company's audited consolidated financial statements for the year ended June 30, 2021.

These consolidated financial statements of the Company have been prepared on an accrual basis and are based on historical costs, modified where applicable. The consolidated financial statements are presented in US dollars unless otherwise noted.

These consolidated financial statements of the Company were approved and authorized for issue by the Board of Directors on March 27, 2022.

Basis of consolidation

These consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

All intercompany transactions and balances have been eliminated.

REVOLVE RENEWABLE POWER LIMITED Notes to the Condensed Interim Consolidated Financial Statements For the three and six months ended December 31, 2021

8. SHARE CAPITAL AND EQUITY RESERVES

(a) Common shares

The authorized share capital of the Company consists of 500,000,000 common shares with a par value of €0.01 per share.

Changes in issued share capital and equity reserves for the Six month period ended December 31, 2021 were as following:

- On August 30, 2021, the Company completed a non-brokered private placement of 3,838,079 units at a price of €0.815 per unit for gross proceeds of €3,128,034. Each unit is comprised of one common share (a "Share") in the capital of the Company and one common share purchase warrant (a "Warrant") valued at \$Nil. Each Warrant will entitle the holder to purchase one additional Share at a price of €1.20 per share for a period of 18 months from closing. As at December 31, 2021, €50,245 of the gross proceeds was recorded as share subscription receivable.
- The share subscription receivable of \$56,988 recorded on the balance sheet was received by the Company on January 20, 2022.

Changes in issued share capital and equity reserves for the Six month period ended December 31, 2020 were as following:

No change.

9. EARNINGS (LOSS) PER SHARE

The calculation of basic and diluted loss per share for the Six month period ended December 31, 2021 was based on the loss attributable to common shareholders of \$875,273 (2020 – income of \$1,149,458) and a weighted average number of common shares outstanding of 14,108,760 (2020 – 14,108,760).

The calculation of basic and diluted loss per share for the Three month period ended December 31, 2021 was based on the loss attributable to common shareholders of \$293,567 (2020 – \$259,170).

10. FINANCIAL INSTRUMENTS

Fair values

The Company's financial instruments consist of cash, other receivables, sales tax receivable, deposits and accounts payable and accrued liabilities.

The Company has classified fair value measurements of its financial instruments using a fair value hierarchy that reflects the significance of inputs used in making the measurements as follows:

- Level 1: Valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Valuations based on directly or indirectly observable inputs in active markets for similar assets or liabilities, other than Level 1 prices, such as quoted interest or currency exchange rates; and
- Level 3: Valuations based on significant inputs that are not derived from observable market data, such as discounted cash flow methodologies based on internal cash flow forecasts.

As at December 31, 2021, the fair values of the Company's financial instruments approximate their carrying values due to the relatively short-term maturity of these instruments or market rates of interest.

The Company's risk exposures and the impact on the Company's financial instruments are summarized below:

Liquidity risk

The Company's approach to managing liquidity risk is to ensure that it will have sufficient liquidity to meet liabilities when due. As at December 31, 2021, the Company had a cash balance of \$2,676,295 (June 30, 2021 - \$127,065) to settle current liabilities of \$58,949 (June 30, 2021 - \$103,260). Most of the Company's financial liabilities have contractual maturities of 30 days or due on demand and are subject to normal trade terms.

Notes to the Condensed Interim Consolidated Financial Statements

For the three and six months ended December 31, 2021

(Expressed in US Dollars - unaudited)

Page 8

10. FINANCIAL INSTRUMENTS (CONTINUED)

Credit risk

Financial instruments that potentially subject the Company to a significant concentration of credit risk consist primarily of cash, sales tax receivable and deposits. The Company limits its exposure to credit loss by placing its cash with major financial institutions. Majority of the sales tax receivable arose from refundable sales tax from government taxation authorities in Mexico. Deposit held with CAISO was refunded to the Company subsequent to December 31, 2021.

Market risk

Market risk is the risk of loss that may arise from changes in market factors such as interest rates, foreign exchange rates, and commodity prices.

a) Interest rate risk

The Company has cash balances and no interest-bearing debt and therefore is not exposed to risk in the event of fluctuations.

b) Foreign currency risk

The Company operates in Republic of Ireland, Mexico and the USA and is therefore exposed to foreign exchange risk arising from transactions denominated in foreign currencies. The operating results and the financial position of the Company are reported in US dollars. The fluctuations of the operating currencies in relation to the US dollar will, consequently, have an impact upon the reported results of the Company and may also affect the value of the Company's assets and liabilities. The Company has not entered into any agreements or purchased any instruments to hedge possible currency risk.

c) Price risk

The Company is exposed to price risk with respect to commodity prices. Commodity price risk is defined as the potential adverse impact on earnings and economic value due to commodity price movements and volatilities. The Company closely monitors commodity prices and the stock market to determine the appropriate course of action to be taken by the Company.

Page 9

11. CAPITAL MANAGEMENT

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to sustain future development of the business and to maintain flexible capital structure which optimizes the cost of capital within a framework of acceptable risk. In the management of capital, the Company includes the components of equity as well as cash.

The Company manages the capital structure and makes adjustments to it in light of changes in the economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, issue new debt, acquire or dispose of assets or adjust the amount of cash.

The Company does not currently have adequate sources of capital to complete its current obligations and ultimately the development of its business, and will need to raise capital by obtaining equity financing, selling assets and/or incurring debt. The Company may raise additional debt or equity financing in the near term to meet its obligations.

12. DEVELOPMENT PROJECTS

During the year ended June 30, 2018, the Company entered into a share purchase agreement and a project development services agreement relating to a wind power project (the "Project") located in Mexico with an arm's length party. In accordance with the agreements, the Company sold its development rights to the Project and undertook to provide services in obtaining the Project ready to build permits and governments authorizations ("Ready to Build" milestone). During the period ended September 30, 2020, the Company received \$1,614,000 for the commercial operation milestone.

During the year ended June 30, 2020, the Company entered into a lease agreement for land located in Mexico, as amended, effective from the initiation of commercial operations with arm's length parties. The Company has the right to terminate the agreement at anytime. The agreement provides the Company a right to develop, construct, install, maintain and exploit infrastructure to be built on the lands from the effective date with an option to renew for an additional 10 years.

During the year ended June 30, 2021, the Company entered into a lease and option agreement, effective for a period of three years with an arm's length parties. Pursuant to the agreement, the Company has acquired the right to use land located in Mexico. Specifically, this right encompasses arm's length parties and the Company's obligation to enter into a definitive right of way agreement in favour of the lessee in order to facilitate the use, build, maintenance, operation, repair, installation, monitoring and in general, the free exploitation of the electrical infrastructure to be built over the lot of land.

13. SEGMENTED INFORMATION

The Company operates in two business segments, being: (1) the development of utility scale renewable energy generation projects with a particular focus on wind, solar and battery storage technologies ("renewable energy projects"); and (2) corporate overhead. The following is a summary of the business segments by geographic information:

- USA Renewable energy projects
- Mexico Renewable energy projects
- Republic of Ireland Corporate overhead

15. SUBSEQUENT EVENTS

On June 16, 2021, the Company entered into a letter of intent with Philippine Metals Inc. ("PMI"), a company listed on The TSX Venture Exchange, to acquire the entire share capital of the Company by PMI ("Proposed Transaction"). Pursuant to the Proposed Transaction:

- PMI's common shares will be consolidated on a 4 to 1 basis ("PMI Consolidated Shares");
- PMI will issue 35,100,000 PMI Consolidated Shares to acquire all of the issued and outstanding shares of the Company;
- The Company will complete a concurring unit private placement of €2,000,000 to €5,000,000; and
- PMI will complete a separate unit private placement of a minimum C\$1,500,000.

On March 7, 2022, the Transaction was completed and an aggregate of 44,695,169 post-Consolidation ReVolve Renewable Power Corp. (formerly, Philippine Metals Inc.) Shares were issued in exchange for the outstanding ordinary shares of ReVolve Renewable Power Limited; and warrants exercisable to acquire 9,595,194 ReVolve Renewable Power Corp. (formerly, Philippine Metals Inc.) Shares were issued in exchange for the outstanding warrants of ReVolve Renewable Power Limited.
